ABOUT THE CONFERENCE & EXHIBITION

This mega event of ICC is the **Nineteenth** in a row, attended by leaders of the Chemical and Petrochemical Industry. More than 700 High Profile delegates from India and overseas attend this Conference & Exhibition.

The **conference** will feature keynote addresses by global industry leaders, thought-provoking panel discussions, technical presentations, and case studies on critical challenges facing the chemical and petrochemical sector.

The event is an ideal platform for one-to-one meetings to discuss new business opportunities, joint ventures, investments, technology transfer and to explore opportunities for innovation, collaboration, and growth.

While the **exhibition** will showcase cutting-edge innovations and emerging technologies, offering participants a chance to engage with the future of the chemical industry.

As every year, this year too, **McKinsey & Company is the Knowledge Partner** for this edition of the India Chemical Industry Outlook Conference & Exhibition.

WHAT'S IN STORE FOR YOU

BACKGROUND

The 19th ICC Conference, themed **“Shaping a Competitive and Resilient Chemical Industry for India”**, comes at a pivotal time as global supply chains shift, geopolitical risks rise, and new growth opportunities emerge.

Day 1 provides a broad view of the industry’s strategic landscape, covering competitiveness, resilience, and emerging global shifts.

Day 2 builds on the themes explored on Day 1, diving deeper into sector-specific insights. It focuses on specialty polymers, sustainability, portfolio balancing, supply chain resilience, and other key areas related to India’s emerging growth. These topics provide a detailed understanding of the current trends and challenges in the industry.

As India expands its footprint in the chemical and petrochemical space, the event focuses on building competitiveness, improving resilience, and accelerating innovation-led growth through sessions such as

- ◆ **Geopolitical Headwinds: Managing Risk and Opportunity in Chemicals.**
- ◆ **What Does It Take to Win in Chemicals.**
- ◆ **New Arenas of Growth: Capturing Value in Fast-Growing End-Markets.**
- ◆ **Balancing the Portfolio Right.**
- ◆ **Green Horizons: From Compliance to Competitiveness Through Sustainability.**

The conference & exhibition serves as a crucial platform for shaping the Indian Chemical Industry’s next phase of global leadership.

KEY TAKEAWAYS

Insights on navigating geopolitical risks and how India can turn them into strategic opportunities in the current global chemical landscape.

Guidance on capturing value in fast-growing segments such as construction chemicals, bio-pharma, specialty polymers, and petrochemicals.

Strategies for capital agility, helping companies reallocate investments toward high-growth, high-margin areas.

Perspectives on balancing portfolios effectively, leveraging bulk strengths while expanding into specialties.

Actionable direction on innovation, sustainability, and global expansion to build a competitive and resilient Indian chemical industry.
