

Sub: Invitation and Agenda to register for the 14th India International Phosgene Conference – Advancing Safe and Sustainable Manufacturing & Use

Dear Industry Colleagues,

Greetings from **Indian Chemical Council (ICC)**.

The Indian Chemical Council (ICC) is pleased to announce the **14th India International Phosgene Conference – Advancing Safe and Sustainable Manufacturing & Use**, to be held

On **Wednesday, 16th September 2026**

at **Hotel Grand Mercure Surya Palace, Vadodara**.

The **TENTATIVE AGENDA** of the conference is **attached** for your reference.

Background

India today is one of the **world's fastest-growing chemical manufacturing destinations** and is among the **leading global producers and users of Phosgene**. The Indian Phosgene industry has earned recognition for its unwavering commitment to safety, innovation and responsible manufacturing. As the industry continues to expand, maintaining the highest standards of Phosgene safety is more important than ever. **The India International Phosgene Conference** provides a unique opportunity for Indian and international experts to come together, exchange ideas, share practical experiences and address emerging opportunities and challenges.

The **14th edition** will feature eminent national and international experts who will present new technologies, innovative safety practices, case studies and operational learnings from across the global Phosgene industry.

History – From a Conference to a Continuing Industry Initiative

Over the **past fourteen years**, the conference has evolved into the industry's premier networking and learning platform. It brings together industry leaders, technical experts, researchers, technology providers and regulatory professionals from India and across the world to exchange knowledge, share global best practices and strengthen the industry's commitment to process safety, operational excellence, environmental stewardship and responsible manufacturing.

ICC's Leadership

The India International Phosgene Conference reflects ICC's longstanding commitment to advancing process safety and responsible manufacturing within the chemical industry.

As the apex national association representing the Indian chemical industry, ICC has provided a credible platform for collaboration among industry and technical experts. Through this initiative, ICC has facilitated several significant contributions to the Phosgene industry, including the publication of **Phosgene Safety**

Guidelines, development of a **regional language edition** to improve accessibility, establishment of a **Medical Doctors Committee**, and the continued technical engagement of the **Indian Phosgene Council (IPC)**.

Why You Should Participate:

Whether you are involved in manufacturing, operations, engineering, EHS, maintenance, R&D, quality, technical services or business leadership, the conference offers valuable insights that can be applied directly within your organisation.

- Expert presentations from **India and abroad**
- Real-world case studies and technical updates
- Opportunities to interact directly with specialists
- Networking with peers from across the Phosgene value chain

More than **150 delegates from leading Phosgene stakeholders are expected to participate**, making this one of the most important annual gatherings of the Phosgene industry.

Topics to be Addressed:

- Global Overview on Phosgene
- Learning from Incidents
- Phosgene Safety Concept and Learnings from Audits
- Process Safety & Sustainability
- Digitalisation for Safer and More Sustainable Operations
- Training of unit/plant managers
- and many more...

Associating Opportunities

Organisations wishing to showcase their products, technologies and services may participate as **Sponsors** or **Exhibitors**. Please contact us for more information on **Sponsorship options, Display space at the conference, and delegate** registration.

Delegate Registration

Registration Fee: ₹6,000 + 18% GST (₹7,080) per participant

- Seats are limited, so registration will be closed once seats are full.
- **No spot registrations** will be accepted at the venue.

Register Online

https://icc.zivents.com/form/evt_20260708_121216/delegate

Whether participating as a **delegate, speaker, sponsor, exhibitor or supporting organisation**, each participant strengthens this unique initiative and reinforces the collective commitment towards safer and more responsible management of Phosgene.

We look forward to welcoming you to the **14th India International Phosgene Conference**.

Thanks & regards,

D. SOTHI SELVAM
Director General
