SUB : Course on “ESSENTIALS OF CHEMICAL PROCESS TRANSFER FROM LABORATORY TO PILOT PLANT” scheduled on 15 & 16 May 2026 at Ankleshwar, Gujarat

Dear Sir / Madam,

Greetings from Indian Chemical Council (ICC).

We are happy to inform you that ICC is coming up with its most awaited First Physical Course on “**ESSENTIALS OF CHEMICAL PROCESS TRANSFER FROM LABORATORY TO PILOT PLANT**” scheduled on 15 & 16 May 2026 at Ankleshwar, Gujarat.

COURSE DESCRIPTION:

Chemical Companies often struggle to scale up reactions they have developed at lab scale to commercial production via a pilot plant. Successful scale up and Processes Transfer require knowledge of fundamentals of not only Chemical Engineering & Chemical Reactions, but also a systematic approach. The goal of this course is to sensitize the respective people about concepts and factors that are essential for achieving successful Scale up and Processes Transfer to Production. Such knowledge is crucial for personnel working in the process development area and technology transfer.

TARGET AUDIENCE

The Target audience for this course is Chemists, Chemical Engineers in R & D, Pilot Plant and Plant personnel responsible for Scale up and Processes Transfer to Production. Some exposure to laboratory / plant operations is desirable.

TOPICS TO BE COVERED:

- Introduction to Scale up & Pilot Plant Operations for Chemists
- Chemical Engineering Unit Operations for Process Development
- Safe Design and Operation of Pilot Plants
- Effluent Treatment and Waste Reduction Strategies
- Case Studies on Scale up and Tech Transfer

CERTIFICATION:

At the end of course, an exam will be conducted and on successful completion of the test, Certificate of course completion shall be provided to the participants. These course completion certificates will be sent to the participant via e-mail separately.

REGISTRATION FEES:

ICC MEMBERS:	NON-MEMBERS:
